How do I use the App?

You should listen for the information because you will get a quiz in them you should have good mic and speaker because you use speaking to answer the quiz

Option Name
(This will be repeated for each option of the App)

- Screenshot/ Pic of each option/screen of the App

- Steps to use the same

- Any special considerations/ dependencies/risks while using the option

This is my experience with clevered

- Clevered is an amazing company which works so young people can become young coders which is helping us for our future and helps us create games and know how people created games which we thought are impossible when they said everything is possible they really meant it my only dream when i was younger was to play football only and now after clevered my dreams are becoming a pro coder as well as a pro footballer and right now I am working for both dreams I just wanted to thank everyone who is working for clevered because they are making our dreams possible and easier to achive

Contact Person

- **Please reach out to student name at student's email address for any questions/ concerns/ suggestions on the App**

Thank you!
